About Chloe

Chloe is a freelance professional photographer who has run photography holidays in Europe, Morocco, Nepal, Sri Lanka and India. She trained at the London College of Printing and for the last 14 years has split her time between commercial work in the UK, tutoring on photography holidays, running her own London based workshops, and photographing projects abroad for non-governmental organizations.

Her aim on a photography holiday is to help clients capture magical locations through the camera, not just the main attractions but the quieter back street moments too. Seeing people progress as photographers on the holiday is the biggest reward - whether it's beginners learning to understand the fundamentals of good composition and the controls on their cameras, or helping more experienced students to develop their style.
